

# Equine Assisted Therapy Program

- Partnering with Roller Ranch
- New Equine Assisted Therapy Program
- Horsemanship Classes/Volunteer Opportunities
- Financial and Prayer Support Needed

Friends and Supporters of Mending Hearts Family Services,

I am excited to announce that we are partnering with Roller Ranch owned by Jen and Billy Roller. Located in the beautiful, peaceful foothills of New River, Roller Ranch is home to wonderful horses, both full-size and miniature, and three goats. Check out their website at [www.RollerRanchAZ.com](http://www.RollerRanchAZ.com). Mending Hearts will partner to provide the professional therapy side and Roller Ranch will provide the equine specialist expertise. Our combined goal is to develop a full range of equine assisted services and resources.

Some of you may remember that Mending Hearts received the assets from Envision Therapeutic Horsemanship, Inc. at the end of 2021. These assets are the foundation for building Mending Hearts at Roller Ranch, an equine assisted therapy program. We are so grateful for the generosity, patience and support of the Envision Board of Directors.

We are planning to begin with providing horsemanship classes and limited psychotherapy sessions. Then, as we are able, we plan to add therapeutic groups for underprivileged children, foster children, group homes, veterans, and trauma survivors in the future.

Mending Hearts will need your financial support to help build this new program. All donations are welcome and appreciated.

Sharon Carl  
Founder and CEO of Mending Hearts
